Research Published by Patent Office, Government of India

On 3rd August 2022, the patent of Jitendra, a student of the Department of Pharmacy, Career Point University, Himachal Pradesh, has been published. Jitendra did this work under the guidance of Dean Pharmacy Dr. Sanjay Kumar and Assistant Professor Kiran Thakur. Jitendra used the extract of ciliate parzenia in diseases like diabetes and hypertension. Which is completely herbal medicine which does not have any side effects. This research has been published by the Government of India's Patent Office. Career Point University is emerging as a leader in the field of education as well as research and innovation. The University Administration congratulated Jitendra as well as the Department of Pharmacy and thanked the Patent Office of the Government of India.

Impact Lecture Series at Career Point University Hamirpur

On 05th August-06th August 2022, the two-days Impact Lecture Series was organized at Career Point University in collaboration with the Ministry of Education and AICTE, Government of India. Under this two-day conference, the founder and CEO of Easy to Pitch, NITI Aayog, Government of India, mentor NITI Aayog, Priyanka Madnani, founder IP advisor, mentor AICTE Saurabh Trivedi and Shalash Kumar Singh, co-director, Ministry of Micro, Small and Enterprises, India Government as the keynote speaker. The keynote speakers present in their address said that the Ministry of Education, Government of India has set up Innovation Cell to systematically promote the culture of innovation among all higher education institutions. Encouraging, motivating and encouraging youth to come up with new ideas, foster an innovation fostering ecosystem on campuses. Entrepreneurs, investors should organize workshops, seminars from time to time. Startup India is a flagship initiative of the Government of India with the objective of building a strong ecosystem for startups and innovative ideas in the country. He gave information related to startups to the professors, students and entrepreneurs present in the program. In which Priyanka Sadnani told about how to present the startup so that the startup entrepreneur can present his startup in a good way. Saurabh Trivedi told about how to increase the startup and how to get the patent registered. The same Shailesh Kumar Singh shared information about various schemes of the Government of India. The experts of this conference have spoken of giving full help to the students of Career Point University in making their future in the field of innovation.

This program will work to bring complete information about startup and entrepreneurship to the people. In this how to do startup and how to connect startup with government. This program will provide new options of self-employment to the students and general public and will motivate towards self-reliant India. Career Point University Hamirpur, Chief Minister is continuously progressing in the field of Startup Innovation. The purpose of this center is to generate self-employment and to provide financial help in the establishment of new industries. The program was organized by IIC President Assistant Nodal Officer Pioneer Incubator Engineer Rishi Sharma and Dr. Hem Chandra and Dr. Vijay Bhatia. The University Administration extended best wishes to all the members of the Innovation Council and Pioneer Inquirer of the University for this successful event.

Faculty Development Program Organized at Career Point University

In the month of August, one week faculty development program was organized for the teachers in the university. The program was inaugurated by Dean Academic Affairs Prof. (Dr.) H. R. Sharma. On the first day of this program, the Dean of the University, An Affair Prof. (Dr.) HR Sharma while addressing the professors and researchers of the university said that when we think about the traditions of the Indian knowledge system, then we look back to the Takshashikshan, Nalanda and Vikramshila University, the way people from all over the world live their lives. Come to India to learn. India was and will be a Vishwaguru. Responding to the current initiatives to implement the Indian Education Policy 2020, he said that the aim of this FDP is to bring the Indian education system on the platform of education. I see that India is full of talents and resources but to utilize it requires a strong *karma* which can be attained only by a good education session.

On the second day, Sh. Saurabh Trivedi, Founder IP Consultant from AICTE Delhi, in his address told about Entrepreneurship that nowadays the desire to become a businessman is increasing among the youth. Most of the girls are now taking more interest in doing business than job and hence they are doing their business with their new and special idea. Due to good studies and after doing full research about the business, when a young entrepreneur does his product in the market while doing his business, it is more likely that he will be discussed by the experts in this program about the education gap. Teachers have an important role in the new research happening in any country, which is helpful in the development and policy of that country. On the third day Easy to Pinky Founder and CEO NITI Aayog Government of India Priya Madnani said in her address that the Ministry of Education, Government of India has established Innovation Cell to systematically inculcate the culture of innovation among all higher education institutions. At the conclusion of the program Dean Academic Affairs Prof. (Dr.) HR Sharma apprised about the work being done by the university in the field of higher education and said that we are not second to anyone in higher education. Almost all the professors, researchers and students of the university participated in this program. The university administration congratulated all the team experts, professors and researchers of FDP for the successful organization of this program.

75th Amrit Mahotsav of Independence was Celebrated at Career Point University Hamirpur

The 75th Amrit Mahotsav of Independence was celebrated on 15th August 2022 at Career Point University. On this occasion, parents of martyr Akunsh Thakur of Kadota attended as special guests and they donated an amount of Rs.11 thousand in the name of Akush Thakur. Akush Thakur was a promising student of Career Point University who was martyred on 10 June 2020 in Galwa Valley. The Vice Chancellor of the University, Professor (Dr.) KS Verma was present as the chief guest. Addressing the people, he said that this day has been written in all the letters in the history of India, it is not only a day but it is a symbol of the independence of independent India. Today is also special because today India has completed 75 years of its independence. Which the Prime Minister of India, Shri Narendra Modi has taken the initiative to celebrate as a celebration and named it Azadi Ka Amrit Mahotsav.

On the occasion of 75th Amrit Mahotsav of Independence, 75 villages and 75 blocks were connected with four important units namely Directorate of Community Service, Directorate of Research Development, CPU PS Center for Traditional Medicine and Yoga and Pioneer Incubator Skill Development and Entrepreneurship. These four units will work for the upliftment of the people of 75 villages and 75 blocks. Documents on these works were released on the occasion of Independence Day. Along with this, one month yoga and traditional medicine training camp organized jointly by Prem Sukh International Charitable Trust New Delhi and Career Point University Hamirpur in collaboration with Ekal Yog Arogya Yojana by Ministry of AYUSH which was organized from 21 May 2022 to 21 June 2022. That report was released.

National Level Wrestling Under-23, Mohammad Sajid

On 27th Aug. 2022, National Level Wrestling Under-23 of Mohammad Sajid, a student of the Department of Chemistry, Career Point University, Himachal Pradesh has won the gold medal in the 125 kg category in the state level wrestling competition. Mohammad Sajid was also selected in Khelo India. Dr. Yogesh Kumar Walia, Head of Department of Chemistry, said that the University keeps encouraging students to participate in sports and other activities along with studies. University administration, professors or all the students have also congratulated and congratulated Mohammad Sajid on this achievement.

Orientation Program

A two-day orientation program was organized at Career Point University on dates 16th August 2022 and 17th August 2022, new students were welcomed by the senior students of the university. Orientation Program was inaugurated on the first day by the chief guest the Honorable Vice-Chancellor, Professor (Dr.) K.S. Verma. The lamp was lit by Verma and the students performed Saraswati Vandana . The Vice Chancellor Professor (Dr.) K.S. Addressed the students, he said that this program is very important for the new students, because through this the students get acquainted with the university and the teachers. Students should keep trying to improve their personality along with studies. Along with this, the new students are introduced with Dean Academic Affairs Professor (Dr.) H.R. Sharma, Dean Student Welfare Professor (Dr.) Naveen Thakur and their professors. Along with this, information was given about the Anti Ragging Committee constituted in the University. The students should not bear the incident of ragging at all and should be informed about this immediately. The officers were taught to give. On the second day of the orientation program, Heads of various departments welcomed and thanked the students. The head of the department introduced his new students to the professors and senior students of their departments in their respective departments and made them aware of the achievements of the previous year. The heads of the departments also informed the students about the time-table, examinations, syllabus etc.

National Youth Parliament Competition Organized in Law Department of Career Point University

On 29th Aug. 2022, National Youth Parliament Competition was organized by the Law Department of Career Point University in association with the Ministry of Parliamentary Affairs, Government of India. Thirty students of Law Department participated in this competition. The participants presented their views on Sanskrit, Hindi and English subjects. In order to promote the Youth Parliament program, the Government of India has started the National Youth Parliament Scheme so that they can become aware of the working of Parliament and can also express their views. The main objective of the National Youth Parliament Scheme is to strengthen the roots of democracy among the youth population of India and also develop tolerance for the views of others. With the implementation of the National Youth Parliament Scheme, the spirit of patriotism will also be encouraged among the students, due to which the youth will be aware of the country. In the competition, Sakshi and Poonam of the second year of BALLB were declared the best speakers of English and Sanskrit languages. Fourth year Priya was awarded for her outstanding speech in Hindi. The competition was organized under the guidance of Dr. Shashi Bhushan, Dr. Rakesh Kumar and Dr. Manu Sharma. The student convener of this competition was Praveen Thakur, a fifth year student of BALLB. Head of the department Dr. Anupam Manhas said that every year in the Law Department, the income of such competitions is continuously being generated from the show side panel. He said that through such competitions, it helps the students to understand the parliamentary functioning, so the department organizes such programs for the students from time to time.
